My Faith is My Light

OVERVIEW OF THE RELIGIOUS EDUCATION PROGRAMME AT MARY MACKILLOP COLLEGE

“The schools and colleges of the Archdiocese of Brisbane aspire to educate and form students who are challenged to live the gospel of Jesus Christ and who are literate in the Catholic and broader Christian tradition so that they might participate critically and authentically in faith contexts and wider society. The *Religious Education Curriculum* is authoritative. This curriculum has been promulgated by the Archbishop for use in all Catholic and ecumenical schools in the Archdiocese of Brisbane” (Betts, P. 2013. P.5).

The Religious Education Curriculum

The Religious Education programme at Mary MacKillop College aims to give the students an understanding of the Catholic faith and practice appropriate to their age and development. The programme assists students to develop a better appreciation of their relationships and understanding of self, peers, family, environment and God explored over six years at levels applicable to each age group. The College is committed to religious education as a way of providing a vision of reality that is enriched by the interaction of both a religious and educational standpoint, thus contributing to the total development of the student.

At Mary MacKillop College, the complementary nature of the Religious Life of the School and the Learning and Teaching of Religious Education, reflects the Brisbane Catholic Education Model for Religious Education. The interrelated focus is on teaching people religion and teaching people to be religious. It is strongly connected to Catholic Christian teachings, the MacKillop vision and Josephite traditions.

Learning and Teaching Framework

There is acknowledgement of the multi-faith context of the community that reflects an ecumenical contemporary culture. This is embedded in the Religious life of Mary MacKillop College and reflects core tenets of the *Brisbane Catholic Education Learning and Teaching Framework (2013)* and the *Deliver Excellence in Learning and Teaching (DELT 2015-2016)*. We aim to educate all to live the Gospel of Jesus. As informed learners, students seek to find meaning in the search for truth and do what is right. In line with this, it is our role as teachers to provide authentic, inclusive and contemporary learning contexts for our students.
